vent de bohème

Spring - Summer Collection 2026

Vent de Bohème approaches textile as a language.

A language of flowers, colors and patterns, where every piece is conceived as a standalone creation, and each collection as a harmonious composition.

Here, design never dominates — it converses. Motifs meet, echo and balance one another. Each pattern can live on its own, yet reaches its fullest expression through thoughtful pairing. A free-spirited approach to decoration, guided by harmony, rhythm and subtle nuance.

This season's palette unfolds in softly patinated tones: powdery mineral blue, sun-warmed ochre, barely-there blush pink and deep, vibrant orange. Colors developed in a timeless spirit, evoking vintage pigments, natural textures and the warmth of light.

A specialist in outdoor textiles, Vent de Bohème crafts high-performance fabrics combining durability, refined printing and meticulous finishing. The collection deliberately focuses on essential pieces — cushions, deckchairs, canvases, folding stools and hand fans — enriched with new designs alongside iconic best sellers.

Vent de Bohème creates sensitive, lasting universes. Decoration becomes an invitation to dream, to travel and to feel — where material turns poetic and color becomes a signature.

Wishing you a beautiful season.

OUTDOOR CUSHIONS

- Outdoor polyester fabric 320 g/m²
- UV- and moisture-resistant
- Double-sided printing
- Invisible zipper
- Removable cover
- Machine washable at 30°C
- Sold without inner padding

Available in three sizes:

45 × 45 cm | 40 × 60 cm | 60 × 60 cm

for a complete outdoor offering.

Our expertise has led to the development of an innovative outdoor fabric, resistant to sun and mildew, designed to remain beautiful season after season.

Woven, printed and made in Milan, our textiles combine long-lasting performance with refined print quality.

HAND FAN

- Natural birch wood frame
- Printed cotton leaf
- Handcrafted
- Rib length: 23 cm
- Open diameter: 43 cm

For the 2026 season, alongside new designs, we have renewed our best-selling models.

Each fan is handcrafted in our workshop in southern Spain. Printing is carried out on premium cotton sheets designed to prevent fraying over time.

Balance due within 30 days for existing resellers in mainland France.

No minimum order for reorders.

OUR COMMITMENT

Our CSR approach reflects a responsible vision of design and manufacturing, rooted in quality, traceability and close partnerships.

All our models are designed in France and produced in short European supply chains (Italy and Spain), within small family-run workshops operating independently and fully compliant with European social and environmental standards.

We embrace responsible production, avoiding overstocking and limiting excess inventory. Our raw materials are carefully selected, including wood sourced from responsibly managed forests.

Our printers are Imprim'Vert certified, and 100% of our packaging is plastic-free, made from lightweight, recyclable cardboard.
